

2009 Quality Sourcebook

Six Sigma

Incredible as it seems, Six Sigma is now more than 20 years old and still going strong. The methodology saves companies huge sums of money by redefining processes and reducing defects. Long a staple of quality improvement at manufacturing plants, Six Sigma is now penetrating into sectors such as health care, government agencies, service organizations, and many more. Increasingly, lean precepts such as eliminating waste and more efficiently organizing workspaces have become integrated with Six Sigma project. The result, lean Six Sigma, has become prevalent across industry.

This section contains the Six Sigma Services and Software buyers guide. This directory can help you implement, maintain, and improve your organization's Six Sigma efforts. Embracing

the Six Sigma path often leads to stunning improvement in a very short period of time—the companies found in the following pages can help you get there. Those with the acronym “SVC” following their listing offer Six Sigma services; those with a “SW” offer Six Sigma software. Many, you’ll note, offer both.

These directories are not meant to endorse or exclude any particular organization. Rather, they should be used as the starting point in the data-gathering process. Readers are encouraged to contact the companies directly for more information and to ask for—and check—references. Further information, including company descriptions (if provided to us) can be found on our web site at www.qualitydigest.com/contents/buyers-guide.

Six Sigma Services and Software Buyers Guide Page 33
This directory lists the Six Sigma service and software provider's name, address, phone and fax numbers, and web address.

STATISTICATM Six Sigma

Data Analysis Software Solutions for Process Improvement

Data analysis is a critical component of process improvement programs. **STATISTICA** is the software solution to meet the range of your organization's needs: desktop, enterprise, and process intelligence. For more information, visit www.statsoft.com

Desktop

- DMAIC Shortcuts
- Measurement systems analysis
- SPC and Process Capability Analysis
- DOE
- Graphical data analysis
- Data import (Microsoft ExcelTM, MinitabTM, JMPTM, SASTM, etc.)
- Concurrent user licensing

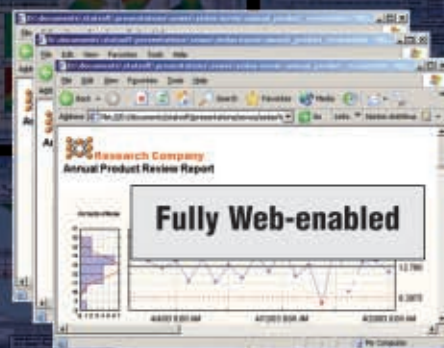

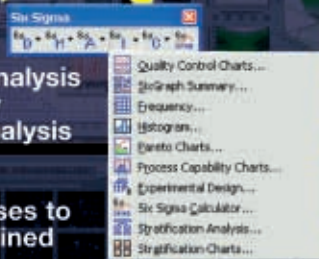

Process Intelligence

- Utilize the wealth of product and process data you have collected to your competitive advantage
- Discover root causes of product/process quality outcomes
- Apply predictive models to identify the relationships between critical factors
- Deploy predictive models for ongoing process monitoring
- Multivariate Statistical Process Control

Enterprise

- Multi-user, fully Web-enabled analysis platform with security, centrally configured data access, and analysis and report templates
- Integrates with existing databases to "unlock" those data for streamlined analyses
- User interface specific to the user's role
- Single-click analysis shortcuts
- Auto-updating analyses for monitoring key performance indicators
- Report templating and batch generation (PDF, HTML) for easy knowledge dissemination

StatSoft offers a large selection of desktop and web-enabled enterprise-wide solutions for manufacturing and other applications, supported with consulting and training services by a network of 24 offices on all continents.

What do your RoHS dollars buy?

- Are they helping you reduce liability?
- Are they helping you provide effective due diligence?
- Are they helping you maximize ROI?

**For the answers,
turn the page....**

Improve Quality and Profitability with Six Sigma Training

Join successful professionals who are saving billions of dollars by improving productivity and reducing waste, variation, and defects. A master certificate in Six Sigma provides key skills you can use at work immediately, plus it demonstrates your professional commitment and proves that you've become an expert in your field. Here are a few more reasons to enroll in Villanova's comprehensive online Six Sigma program:

• **Academic Excellence.** Villanova University is the worldwide leader in online Six Sigma education, with tens of thousands of enrollments that include numerous professionals from Fortune 500 companies.

• **Leadership.** Earning your Six Sigma master certificate online is the surest and

fastest way to gain professional expertise and be recognized as a leader within your organization.

• **Certification.** Our classes prepare you to obtain industry-recognized Six Sigma Green Belt, Lean Sensei, and Six Sigma Black Belt certification from Villanova University—the prestigious designations that today's global enterprises want.

• **Corporate Impact.** Villanova's Six Sigma master certificate program assures corporations of a highly tuned and talented labor force, increased revenue, and heightened workplace productivity.

Today's competitive workplace requires more than casual knowledge to succeed. True leaders must demonstrate mastery of their profession and an ongoing

commitment to career development. Get the skills you need and certification training with Villanova University's comprehensive and convenient online certificate programs:

- Project management
- Six Sigma
- Contract management
- Information system security
- Business analysis
- Software testing
- Human resource management
- Return on investment methodology
- Leadership

Need answers to your RoHS questions?

Only total process management can help you be sure that all aspects of a product are compliant with stated HSF requirements and regulations.

IECQ HSPM certification is THE MOST EFFECTIVE WAY to demonstrate hazardous-substance-free product compliance.

IECQ HSPM's third-party certification is a clear demonstration of due diligence as required by RoHS; WEEE; ELV; EuP; Packaging and Battery Directives; Korean, Japanese, and Chinese RoHS; and customer-defined restricted substances.

SigmaXL + Excel = Easy Statistical and Graphical Analysis! SigmaXL is cost-effective, powerful, and user-friendly. As an add-in to the already familiar Excel, SigmaXL simplifies your SPC data analysis and is ideal for lean Six Sigma training. A free 30-day trial version is available on our web site. Call 888-SigmaXL (toll-free in North America) or 416-236-5877. E-mail: sales@SigmaxL.com.

Sustaining the Culture of Lean Six Sigma

ASQ's 2009 Lean Six Sigma Conference

March 2-3, 2009 • Phoenix, AZ

Early-bird rates are available through January 23, 2009!
ASQ Member \$995 • Nonmember \$1,210

Mark your calendars and join hundreds of lean and Six Sigma professionals at the 2009 Lean Six Sigma Conference. Enjoy sessions, speakers, and networking opportunities that focus on how organizations embrace, apply, sustain, and continuously leverage lean and Lean Six Sigma as a cultural priority throughout their organizations.

Keynote speakers include:

- Brett Browchuk, CIGNA HealthCare
- Jason Gerros, Depository Trust & Clearing Corporation (DTCC)
- Michael Stanleigh, Business Improvement Architects
- Larry Pike, Lockheed Martin Aeronautics
